

Financial Aid

Saint Ann's School Brooklyn, NY

Financial aid is granted as equitably as possible on the basis of need. Generally, only limited financial aid is available to preschool students.

If you are applying for financial aid, your application to the school must be received by **December 1st**, and you need to indicate your intention to apply for aid by answering "yes" to the question "Is this a financial aid application?". The school will then send you a financial aid application from the School Scholarship Service of the Educational Testing Service.

The School Scholarship Service does the initial financial analysis, and each request is then evaluated at Saint Ann's by the Scholarship Committee of the Board of Trustees, the Head of School, and relevant school administrators. The financial aid application is due at the School Scholarship Service by **December 15th**. A copy of the application is due at Saint Ann's on the same date.

If a student is accepted to Saint Ann's, financial aid notification is generally sent to the family within a week of the acceptance letter.

Our school is currently providing scholarship to fifteen percent of its students. Funds for this purpose are raised through school events, foundation support, the Annual Fund, and miscellaneous income sources.

Should you have any additional questions, please feel free to contact us via [email](#) or phone at 718-522-1660, extension 313.
