Greetings from the library! This bulletin includes books new to the library from last spring through September. There are a lot of great new titles.

We would also like to remind you of the databases available, both within school and through remote access. If you need information about how to access them, or what's available, we have brochures in the library. We are happy to help you navigate these great resources, please just ask. We've added *Polling the Nations* this fall. It is a searchable compilation of surveys conducted by more than 700 polling organizations.

As usual, the library is available for classes doing research, please just schedule in advance.

In addition, we always welcome recommendations.

Ragan, Annie & Robin
